To Whom It May Concern:

I am writing in regards to Jayanthi Bunyon, our music specialist. As a special education teacher of children that face multiple daily challenges I have to work closely with the support staff in our school in order to guarantee success.

Working with Jayanthi is a delightful experience!

In addition to her outstanding musical knowledge and her ability to teach six grade levels she has an innate ability to modify/adapt curriculum and instruction to meet the needs of all children. It is her goal to ensure that all children participate to their fullest potential and she will work with the children, and staff, to make this happen.

Jayanthi's classes are joyful learning environments where the children feel free to explore and share new skills. Children are actively involved, interacting and creating, while learning the core skills they are required to know.

I would highly recommend Jayanthi for any job opening you may have, she will quickly become one of your school's greatest assets! Please feel free to call me with any questions you may have.

Sincerely,
